Celsius Doors: **Inspection**

Inspection

We offer a thorough assessment of your doors' safety, following the guidelines of HSAWA & PUWER and considering the recommendations of DHF TS011 & TS012. Our team of experienced engineers specialises in inspecting your doors to ensure compliance and identify any issues affecting their functionality. We provide digital reports on all door-related matters, enabling you to have the necessary information to meet regulatory requirements.

Example Client: Local School

Ensure the safety of your school community with Celsius Doors. According to the Workplace (Health, Safety and Welfare) Regulations 1992, schools have a responsibility to maintain access points, including doors and gates, in a safe manner. With our expert inspections, we can provide you with the necessary information to give you peace of mind and ensure compliance with regulations. Choose Celsius for comprehensive safety solutions in education.

Celsius Doors: Maintenance

Maintenance

As a maintenance client with Celsius Doors, you can rest assured that our team will be on hand to fix and repair any issues you have with your assets. We recognise the importance of your access points and doors functioning seamlessly for your business. You will receive a 5% discount on parts, as well as electrical and mechanical door adjustments during your maintenance visits.

Example Client: Pencil Factory, Cumbria

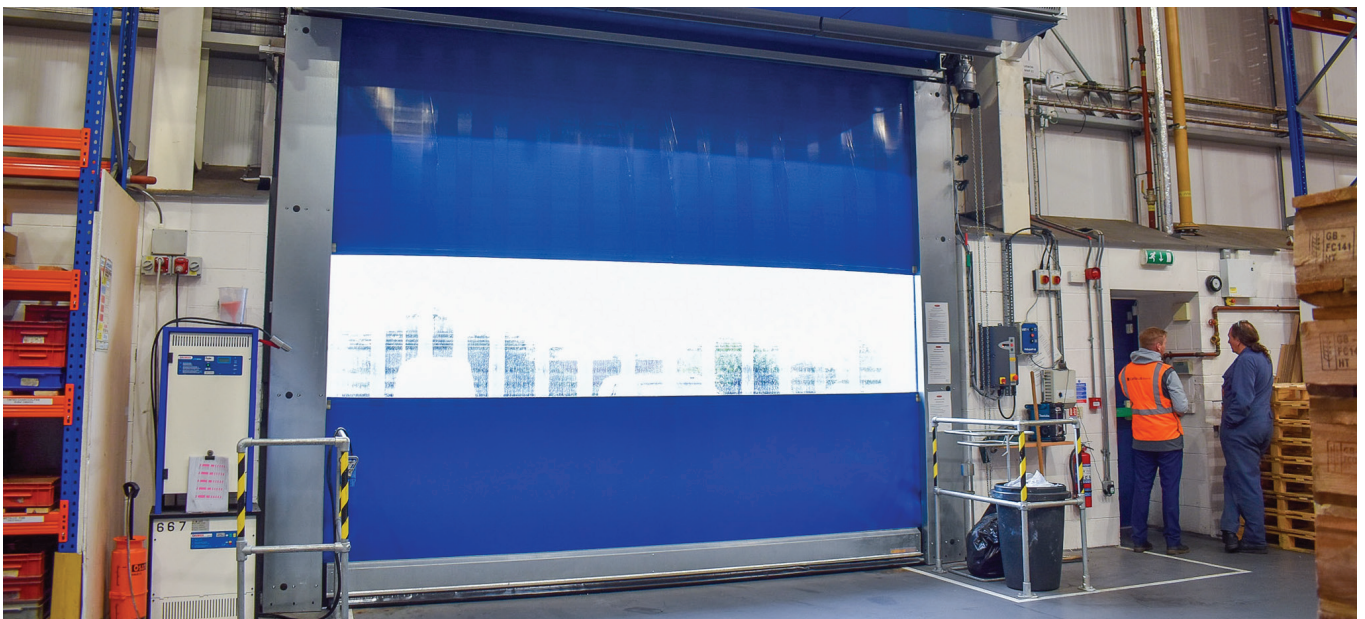

For facilities like this Pencil Factory with diverse door types and a need for seamless operation, our maintenance contract is the ideal solution. With benefits such as a speedy response time, electrical and mechanical door adjustments, and digital inspection reports, we can ensure uninterrupted productivity. The facility featured in the study can still operate for a full day even with a faulty door, thanks to their secondary access. This lessens the urgency for an immediate response, which is why we would recommend a Maintenance contract over an SLA contract.

Fixes & Repairs

Celsius Doors: SLA

SLA Contract

24/7 Response, 365 days a year! SLA clients with Celsius Doors benefit from a contract that is tailored specifically for end users who cannot afford to be without an asset at any given moment. When you choose Celsius as your service provider, you become our top priority. You will receive a dedicated account manager and be given the highest level of service every time.

Example Client: Manufacturing, Cumbria

This manufacturer is an ideal client that showcases the true power of an SLA contract with Celsius Doors. For facilities that cannot afford to have faulty or problematic doors, it is crucial to have a trusted door maintenance partner that can be on hand 24/7. Faults in the doors could lead to significant losses in profit; hence having an SLA in place is paramount. By partnering with Celsius doors, your business has a solid foundation for achieving optimal door performance, cost savings, and compliance with regulatory standards.

24/7 Response

"Celsius Doors have for the past five years supported me in the maintenance and replacement of my automatic doors, barriers, and shutters. They have always been polite courteous and professional. They respond in a quick and timely manner and where possible carry out first-time fixes.

A great company with great ethics"
